

Box 154 Sep-Nov 1888

Baltimore, Md., Nov. 29, 1888.

Director U. S. Mint,
Philadelphia, Pa.,

Dear Sir:- Will you do me the favor to send me a list of the gold and silver mines that appear on your records as having been opened and worked in the States of Maryland and Virginia from the year 1840 to date, naming their location and, as nearly as possible, the total product of each to date? If possible, I would also like to get the names and addresses of some of the owners or operators of each mine so that I can get further information from them. I want this information for statistical purposes, and have been informed that your records contain the data I require. I wish to be able to show the mineral resources of these States, with a view to their further development.

Yours respectfully,

H. S. Leland.

Wants list of Gold &
Silver deposits from
mines in Maryland
& Virginia.

NARA RG104, Entry 1, Box 154

[Abstract:] Wants list of Gold & Silver deposits from mines in Maryland & Virginia.

Baltimore, Md.,
November 29, 1888

Director U.S. Mint,
Philadelphia, Pa.,

Dear Sir: -

Will you do me the favor to send me a list of the gold and silver mines that appear on your records as having been opened and worked in the States of Maryland and Virginia from the year 1840 to date, naming their location and, as nearly as possible, the total product of each to date? If possible, I would also like to get the names and addresses of some of the owners or operators of each mine so that I can get further information from them. I want this information for statistical purposes, and have been informed that your records contain the data I require. I wish to be able to show the mineral resources of these States, with a view to their further development.

Yours respectfully,
H.S. Leland
